

# CoQHeart® with Q-Trol®

Help power a healthy heart\*

## GET TO KNOW COQHEART

As the hardest-working muscle in your body, your heart requires a significant amount of energy to function properly. That energy is made available with the help of a nutrient called coenzyme Q10 (CoQ10), which also plays a role in supporting blood vessel health.\*

CoQHeart contains an **all-natural proprietary blend** that helps:

- Facilitate the production of energy in your cells\*
- Replenish CoQ10 levels in your blood\*
- Protect arteries against the oxidation of low-density lipoproteins (LDL), which may help promote blood vessel function\*

The amount of CoQ10 consumed from foods is typically less than 10 mg a day. To get the same **100 mg of CoQ10 in CoQHeart**, you would have to eat 6 1/4 pounds of beef or 100 cups of broccoli.\*\*

6<sup>1/4</sup> Lbs.  
OF BEEF

OR

100 Cups  
OF BROCCOLI

## THE SHAKLEE DIFFERENCE

The power of nature,  
unleashed by science.  
Safe. Proven. Guaranteed.

At Shaklee, we are committed to innovating through science and looking to nature for the answers that can provide healthier lives. We ensure the highest quality and safety standards—conducting over 100,000 quality tests per year to ensure our products are safe for you and your family.

### CoQHeart

CoQHeart with Q-Trol® delivers an all-natural, proprietary blend of clinically tested coenzyme Q10, plus resveratrol—two ingredients that provide potent support for heart health. Plus a heart-healthy olive oil delivery system. \*

## IS COQHEART RIGHT FOR YOU?

- ✓ If you are 18 or older and concerned about your heart and artery health\*

NOTE: Not intended for use by children, or by women who are pregnant or nursing.
