

OsteoMatrix®

Helps reduce the risk of osteoporosis*

GET TO KNOW OSTEOMATRIX

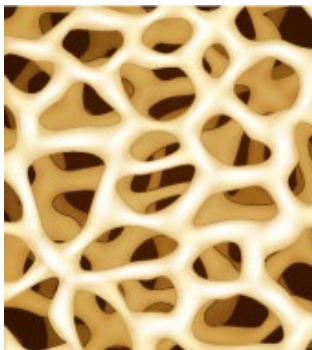

Consuming bone-building nutrients is critical for bone health throughout your lifetime, yet about 50% of the US population reports inadequate calcium intake. Scientific experts agree that increasing calcium intake can help reduce the risk of osteoporosis.†

OsteoMatrix® is a **specially formulated blend of critical nutrients** to **help build bone density** when you're young and **minimize bone loss** as you age.†*

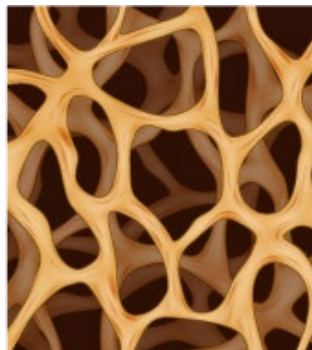

Nutrients in OsteoMatrix® help build strong bones and teeth and help minimize bone loss†*

Each serving of **small, easy-to-swallow** coated caplets provides:

- 1,000 mg (100% DV) of elemental calcium
- 600 IU (150% DV) of vitamin D3 which is clinically supported to promote the absorption of calcium in your body.*
- 400 mg (100% DV) of magnesium to help incorporate calcium into bones*
- Vitamin K to support bone formation*
- Manganese, copper and zinc to aid in building bone mass*

Normal Bone

Bone with Osteoporosis

THE SHAKLEE DIFFERENCE

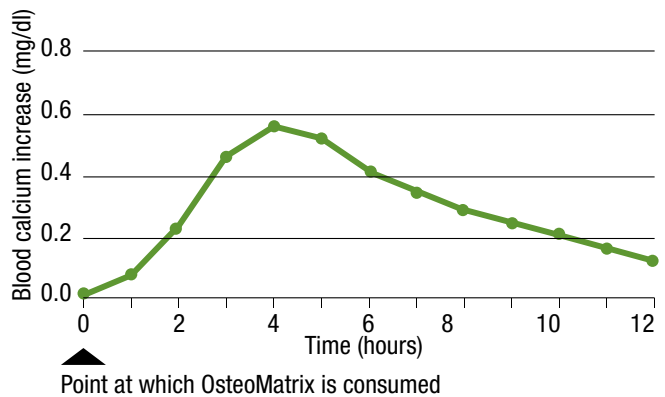

The power of nature,
unleashed by science.
Safe. Proven. Guaranteed.

At Shaklee, we are committed to innovating through science and looking to nature for the answers that can provide healthier lives. We ensure the highest quality and safety standards—conducting over 100,000 quality tests per year to ensure our products are safe for you and your family.

OsteoMatrix—Clinically tested absorption

Consumption of just two caplets resulted in statistically significant increases in blood calcium levels as measured over a 12-hour period. For the body to use calcium to build and maintain strong bones, calcium must first be absorbed.

†Adequate calcium and vitamin D throughout life, as part of a well-balanced diet and regular exercise, may reduce the risk of osteoporosis.

Adequate calcium intake is important, but daily intake above 2,000 mg is not likely to provide any additional benefits.

*These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

IS OSTEOMATRIX RIGHT FOR YOU?

- ✓ If you are interested in building and maintaining strong bones
- ✓ If your diet may be low in key bone-building nutrients
- ✓ If you smoke, have high intakes of alcohol or frequently drink soft drinks—lifestyle habits that can limit or interfere with the utilization of calcium

NOTE: Contains vitamin K.
